Progress in Meeting the Mission and Goals Described in the 5-Year Plan

- The Mount Clemens Housing Commission continues to strive to provide safe, decent, affordable, marketable housing for persons with low to moderate income.
- The properties of the Commission ranges in age, our oldest properties began in construction in 1959, completed in 1962. Our youngest building was constructed in 1975.
- In order to continue providing quality housing for our residents, our 47 and 31 years old properties require many capital improvements.
- The annual agency plan and 5 year plans are our best attempt at keeping our properties up to code and in good livable conditions.
- The commission continues to utilize the capital funds as the major component in keeping our properties in good condition for our residents.
- The ages of our buildings creates unforeseen challenges that are sometimes not a part of the agency plan, although we attempt to determine what needs to be addressed, and when.
- We have been able to progress forward using our 5-year plan as the blueprint.
- We have more needs in terms of capital improvements than we have funds necessary to complete the needed work on the properties. Our funding is constantly being reduced in a time when more funds are needed to complete necessary projects without interruptions.
- We attempt to balance our projects in a manner that allows us to provide some improvements to all our properties on an annual basis. If we had more funding we would be able to complete more projects totally instead of phasing in projects over time.
- Even with the challenges of shrinking capital funds, higher material and labor costs, the Commission continues to move forward in an aggressive and planned manner,

providing much needed capital improvements to our properties.

- The Commission is on schedule with the planned work displayed in our 5-year plan and annual plans.
- We continue to meet our goals in the areas of mission and capital improvement work based on our submitted agency plans.

EXECUTIVE SUMMARY

The Mount Clemens Housing Commission has prepared this Agency Plan in compliance with Section 511 of the Quality Housing and Work Responsibility Act of 1998 and the ensuing HUD requirements.

The Mission Statement presented in this plan was developed by the Mt. Clemens Housing Commission and formerly adopted and is reflective of the goals of this Housing Commission. Our Annual Plan is based on the premise that if we accomplish our goals and objectives, we will be working toward the achievement of our mission.

The plans, statements, budget summary, policies, etc. set forth in the Annual Plan all lead toward the accomplishment of our goals and objectives. Taken as a whole, they outline a comprehensive approach toward our goals and objectives and are consistent with the Consolidation Plan. In summary, we are on course to maintain and improve the conditions of affordable housing in Mount Clemens, Michigan.

We have adopted the following Mission statement to guide the activities of the Mount Clemens Housing Commission.

The mission of the Mt. Clemens Housing Commission is to be the leader in making excellent affordable housing available for low and moderate-income persons through effective management and wise stewardship of public funds. We also partner with our residents and others to enhance the quality of life in our communities.

The goals and objectives adopted by the Mount Clemens Housing Commission are as follows:

Goal One: Manage the Mount Clemens Housing Commission's existing public housing program in a efficient and effective manner thereby qualifying as a high performer under the Public Housing Assessment System (PHAS).

Objectives:

- 1. HUD shall recognize the Mount Clemens Housing Commission as a high performer in its PHAS score by the fiscal year ending June 30, 2009.
- 2. The Mount Clemens Housing Commission shall make Clemens Towers high-rise units more marketable to the entire community by June 30, 2008.
- 3. The Mount Clemens Housing Commission shall achieve and sustain an occupancy rate of 95% by June 30, 2008.
- 4. The Mount Clemens Housing Commission shall promote a motivating work environment with a capable and efficient team of employees to operate as a customer-friendly and fiscally prudent leader in the affordable housing industry.

Goal Two: Make public housing the affordable housing of choice for the very low income residents of our community.

Objectives:

- 1. The Mount Clemens Housing Commission shall achieve enhanced curb appeal for its housing developments by improving its streetscape, maintaining its landscaping, making its properties litter free and other actions by June 30, 2009.
- 2. The Mount Clemens Housing Commission shall achieve and maintain an average response time of 7 days in responding to routine work orders by June 30, 2008.
- 3. The Mount Clemens Housing Commission shall establish an aggressive preventative maintenance program and improve the physical condition of all its properties and increase it PHAS physical condition score to 90% by Fiscal Year June 30, 2008.

Goal Three: Operate the Mount Clemens Housing Commission in full compliance with all Equal Opportunity laws and regulations.

Objectives:

- 1. The Mount Clemens Housing commission shall mix its public housing development populations as much as possible with respect to ethnicity, race and income.
- 2. Ensure full compliance with applicable standards and regulations as well as generally accepted accounting principles.
- 3. Maintain all programs of the Mount Clemens Housing Commission in a fiscally responsible manner realizing that our survival is dependent upon continued HUD funding.

- 4. The Mount Clemens Housing Commission shall attempt to increase non-revenue income by a minimum of 5 percent per year to reduce the need for Federal operating Subsidies by June 30, 2008.
- 5. The Mount Clemens Housing Commission shall continue to generate sufficient revenues to cover operating expenses by generating outside sources of funding.

Goal Four: Enhance the image of public housing in the Mount Clemens community. Objective:

1. The Mt. Clemens Housing commission shall speak to at least two (2) civic, religious, or fraternal groups a year to explain how important these community groups are to the housing community by June 30, 2008.

Here are just a few highlights of our Annual Plan:

- We have adopted four local preferences: for victims of domestic violence, for individuals paying more than 50% of family income for rent, for individuals working at least 20 hours per week (seniors and people with disabilities automatically gets this preference) and for individuals who live or work in Mount Clemens.
- Applicants will be selected from the waiting list by preference and in order of the date and time they applied.
- We have implemented a thorough screening policy for public housing applicants to ensure to the best of our ability that new admissions will be good neighbors. Our screening practices meet all fair-housing requirements.
- We have established a minimum rent of \$50.00
- We have established flat rents for all developments based on 70% of fair market rents reduced from 80% to better facilitate Goal #3.
- In an attempt to encourage work and advancement in the workplace, we are not requiring recertifications if a resident has an increase in income. The increase will be reported at the next regular re-certification.
- Our capital expenditure program for family housing will continue to use defensible space designs to reinforce the Public Housing Drug Elimination Program work that is being done within our neighborhoods.
- We will continue to work with other agencies such as the Macomb County Health Department and local law enforcement agencies to bring in essential services to our neighborhoods.
- The status of the waiting list changes from year to year and this year's adjustment reflects this.

The Mount Clemens Housing Commission is committed to improving the condition of our housing and thus improving the lives of the residents we serve.

MOUNT CLEMENS HOUSING COMMISSION POLICY ON DECONCENTRATION PROJECT MI 28-1, 28-2, 28-3

Pursuant to the Quality Housing and Work Responsibility Act of 1998 (QHWRA) Section 513-Public Housing and Section 8 Targeting contains certain provisions relative to the deconcentration of Public housing communities. The Mount Clemens Housing Commission hereby provides the following information and police statement relative to de-concentration of Clemens Towers (elderly/disabled) and Scattered Sites (family) single-family homes.

MICHIGAN 28-1 and 28-2, CLEMENS HOMES, SCATTERED SITE HOMES (160)

The Housing Commission has several one, two, three, four and five bedroom units located in various communities in Mt. Clemens. The final de-concentration rule exempts Housing Agencies with only one general family housing development.

MICHIGAN 28-3, CLEMENS TOWERS (94)

The final deconcentration rule exempts elderly/disabled housing developments for the analysis.

The above information is submitted pursuant to:

- A.) 24 CPR 903, rule to Deconcentrate Poverty and Promote Integration in Public Housing; final role dated December 22, 2000 and;
- B.) 24 CFR 903, Public Housing Agency Plans: Deconcentration-Amendments to Establish Income Range Definition; Proposed Rule dated August 15, 2001.

DECONCENTRATION POLICY

It is Mount Clemens Housing Commission's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward "this end, we will skip families on the waiting list to reach other families with a lower or higher income. We will accomplish this in a uniform and nondiscrimination manner."

The Mount Clemens Housing Commission will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and higher income people will not be steered toward higher income developments.

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments, the income levels of census tracts in which our developments are located, and the income levels of families on the waiting list.

Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement.

DECONCENTRATION INCENTIVES

The Mount Clemens Housing Commission may offer one or more incentives to encourage applicant families whose income classification would help to meet the de-concentration goals of a particular development. Various incentives may be used at different times, or under different conditions, but will always be provided in a consistent and nondiscriminatory manner.

OFFER OF A UNIT

When the Mount Clemens Housing Commission discovers that a unit will become available, we will contact the first family on the waiting list who has the highest priority for this type of unit or development and whose income category would help to meet the de-concentration goal and/or the income targeting goal. The Mount Clemens Housing Commission will contact the family first by telephone to make the unit offer.

If the family cannot be reached by telephone, the family will be notified of a unit offer via first class mail. The family will be given five (5) business days from the date the letter was mailed to contact the Mount Clemens Housing Commission regarding the offer.

The family will be offered the opportunity to view the unit. After the opportunity to view the unit, the family will have two (2) business days to accept or reject the unit. This verbal offer and the family's decision must be documented in the tenant file. If the family rejects the offer of the unit, the Mount Clemens Housing Commission will send the family a letter documenting the offer and the rejection.

REJECTION OF UNIT

If in making the offer to the family Mount Clemens Housing Commission skipped over other families on the waiting list in order to meet their deconcentration goals or offered the family any other de-concentration incentives and the family rejects the unit, the family will not loose their place on the waiting list and will not be otherwise penalized.

If the Mount Clemens Housing Commission did not skip over other families on the waiting list to reach this family, did not offer any other de-concentration incentive, and the family rejects the unit without good cause, the family will forfeit their application date in time. The family will keep their preferences, but the date and time of application will be changed to the date and time the unit was rejected.

If the family rejects, the good cause any unit offer, they will not loose their place on the waiting list. Good cause includes reasons related to health, proximity to work.

Community Service and Self-Sufficiency Policy

In order to be eligible for continued occupancy, each adult family member must contribute eight (8) hours per month of volunteer community service / self-sufficiency activities (not including employment or political activities) within the community in which the public housing development is located, unless they are exempt from this requirement. The community service/self-sufficiency requirement allows residents an opportunity to "give something back" to their communities and facilitates upward mobility.

EXEMPTIONS:

The following adult family members of tenant families are exempt from this requirement:

- a. Family members who are 62 and older.
- b. Some family members who are blind or disabled as defined under Section 216 (I) or 1614 of the Social Security Act and who are unable to comply with the requirement.
- c. Family members who are the primary care giver for someone who is blind or disabled.
- d. Family members engaged in work activity as defined under Section 407 (d) of the Social

- Security Act (a minimum of 30 hours per week).
- e. Family members who are exempt from work activity under a State program funded under part A Title IV of the Social Security Act or under any other State welfare program, including welfare to work programs.
- f. Family members in a family receiving assistance under a State program funded under part A Title IV of the Social Security Act or under any State welfare program, including a welfare to work program and who are in compliance with that program.

NOTIFICATION

At least sixty (60) days before lease term expires, the MCHC shall identify all adult family members who are not exempt from the community service requirement/self-sufficiency requirement. The MCHC will notify all such family members of the community service/self-sufficiency requirement and provide them with opportunity to present compliance documentation or to claim exemption status. The MCHC will verify all claims of compliance and/or exemption.

Ma	acomb County Consolidated Plan States

The Mount Clemens Housing Commission Needs Assessment section identifies the number of households within the Macomb County urban area in need of housing assistance. The information comes directly from Macomb County's Consolidation Plan and from Mount Clemens Housing Commission records.

Housing Needs

According to information maintained by the Michigan State housing Development Authority there are a total of 9,881 assisted housing units located within Macomb County. Sixty-one separate developments are scattered throughout 15 local communities. Of these Developments, 26 have reserved 2,795 living units for elderly citizens. This figure represents 28.2 percent of the total available assisted housing units.

Since 1991, the County of Macomb has estimated the housing assistance needs of low and moderate-

income households and presented this data in the federally approved Comprehensive Housing Affordability Plan. The most recent and comprehensive available data on households by type, income and housing problems is contained in the 2000 Census. The accompanying presents the housing needs of the Macomb Urban County for Fiscal Year 2005 through Fiscal Year 2010.

Extremely Low-Income (0-30%MFI)

According to the Census, there are 7,487 households or 8.3% of all households within the Urban County, whose income is 30% or less of the Median Family Income. Owners make up 48.6% of this grouping and renters constitute 51.4% of the total.

Renter-occupied households (3,851) are divided among the elderly, 1,754 (45.6%), small related, 1041 (27.0%), large related, 158 (4.1%), and other households, 989 (23.3%). 72% of all renters who are classified as extremely low-income have cost burdens greater than 30%. There are 72% who have housing burdens greater than 50%.

Owner-occupied households (3,636) are divided among elderly, 2,097 (57.7%), and all others 1,539 (42.3%). 81% of all owners have a reported cost burden greater than 30% of their incomes. 55% of the owner-occupied have housing burdens greater than 50%.

Low-Income (31-50% MFI)

There are 8,210 households or 9.1% of all households with the Urban County whose income is 31-50% of the Median Family Income. Renters make up 35.7% of this grouping and Owners comprise the balance or 60.3% of the total.

Renter occupied households (3,261) are divided among elderly, 1,153 (35.4%), small related, 1,084 (33.2%). 71% of this group declares problems with housing. 73% experience cost burdens greater than 30%. Only 30% (1.42% drop over the Extremely Low Income Category) have cost burdens greater than 50%.

Owner-occupied households (4,949) are made up on 3,025 elderly households (61.1%) and 1,924 in an All Others Category (38.9%). On average, 61% in this grouping experience housing problems and 60% are cost burdens greater than 30%. Only 20% declare a cost burden greater than 50%.

Moderate-Income (51-80% MFI)

There are 14,359 households or 15.9% of all Urban County households that earn incomes that are considered Moderate by federal standards. In this designation, renters make up 4,387 or 30.6% and owners constitute 9,972 households or 59.4%

Moderate-Income rentals have 1,782 small-related households, and 1,631 all other households, contrasted with 637 elderly and 337 large families. 33% of this group is cost burdened more than 30% and only 1% is burdened greater than 50%.

4,058 owner occupants have incomes that are moderate and 12% are cost burdened greater than 30%. Only 2% have cost burdens that exceed 50%. In All Others Category, 5,914 households

fall into designation and 39% are cost burdened greater than 30% and 6% have burdens, which exceed 50%.

Middle-Income (81-95% MFI)

There are 8,025 households or 8.9% of all households within the Urban County that earn between 81-95% of the Median Family Income. Renters total 2,039 or 25.4% and Owners total 5,986 or 74.6%.

Renters household in the middle-income category have 176 (8.6%), elderly, 826 (40.5%), small related 169 (8.3%), Large related and 868 all other households (42.6%). 10% of the elderly are experiencing rent cost burdens greater than 30%.

Owners-occupancy with middle-income ranges have 1,265 elderly (21.1%) and 4,721 in All Other Owners (78.9%). The elderly state that 9% are cost burdens are greater than 30 % of their income. In the All Other Category, this percentage increases to 21%.

Among the 90,136 households located in the Urban County, 22% have housing problems. This equates to 19,829 households. Of the 20,516 rental households, approximately 1 in every 3 units experiences housing problems. If you are an elderly residing in rental property, the chances of experiencing housing problems rise 54%. Of the 69,620 owner-occupant, 18% (1 in 5) experience housing problems. For the elderly, 25% (1in 4) is experience-housing difficulties.

Meeting Housing Needs

Finally, we are required to state how we intend to address our community housing needs to the extent practical. While we wish we could meet the needs in our jurisdiction, we are not optimistic about achieving this objective. The problem is that we lack the resources to address the housing needs here in this community. There are two steps we can take in order to meet additional housing needs. We can apply for additional grant opportunities made available by the U.S. Department of Housing and Urban Development. We may also be able to work with the Mount Clemens Housing Corporation to utilize bond refunding proceeds that organizations accumulates under the provisions of the McKinney Act.

D. Other Information Required by HUD

Under these circumstances, a full and participatory planning process will be used to obtain resident and stakeholder input. A draft of the substantially modified Agency Plan will be subject to the public review, commend and hearing process.

The MCHC will honor the current HUD definition of Substantial Deviation and Significant Amendment.
